# About The Club

The original Ilion Fish & Game Club was founded in 1907. The club grounds were actually located in downtown Ilion until 1926/27 when they bought the Avery farm located on Barringer Road. The site is located on 245 acres of a beautiful hillside with wooded areas that provide many views of the farmlands surrounding the club.

The history of the club is captured by the cut stone clubhouse erected in 1933/34 after the original farmhouse was burned down in the early 1930's. Volunteers (except for the masons) built the club house using materials from the Philo Remington house which was located across the road from the clubhouse.

The two-story building contains a bar, kitchen and a meeting hall. There are also several other buildings on the grounds including a large pavilion. The club facilities include ranges for skeet, trap, black power, sporting clays, 5-stand, rifle, archery, pistol and 3-D archery. Shooting instruction is offered at the club house as well as hunters education courses.

In the 1930's, there were approximately 1,400 members with the annual dues at \$1.50.
